

## **DIVISION 10 MAINTENANCE REPORTING - it's required by LAW!**

*Any idea what it costs Qld business every year for avoidable, unplanned property repairs?*

Ask your MINC manager for details on how to avoid a similar fate?

- All MINC Risk Division 10 Inspectors are licensed Workplace Health & Safety Officers ensuring we identify potential safety hazards at the same time.
- Our Division 10 reports provide you with a prioritised action list for ease of monitoring and include pictures of the affected item.
- For your convenience, MINC Risk Services cover most areas throughout Queensland and across the border.
- Savings are available when bundling multiple properties or combining this service with any of the other MINC Risk Services.
- MINC Risk inspectors are very focused on any elements which may have a detrimental impact on the environment, saving you from further potential litigation.
  - i. For example, water conservation tips, prevention of oil spills, proper waste management

*Simply stated,  
we provide your team with  
Professional Solutions and  
lasting Peace of Mind!*
